

Dear Room 7 Parents,

September 19th, 2011

Week 8

Pet Day
Thursday morning.

Photo of the week:

Timothy, Jordan and Jacqueling receiving their Speech winners certificates.

A few things to note this week.

Christmas Child Appeal: Every year Hebron participates in the annual Christmas Child Appeal. Each child is encouraged to wrap a shoe box in brightly coloured paper and fill it with small gifts. The shoeboxes are then collected and sent to a country not as blessed as our own and given to a child there who might not otherwise receive anything on Christmas Day. This is just a small way in which we can bless other less fortunate as ourselves. A letter was sent home with your child 2 weeks ago with all the relevant information on it. The shoeboxes are being collected on Friday this week so if you have not started your box, you will still have a few more days in which to do so. There will be a 'big handover' of shoeboxes on Friday where Mr Matthews will be taking photos for the newsletter.

Pet Day: This week on Thursday morning the Junior classes – Rooms 6, 7 and 13 – and Room 14 will be holding Pet Day as part of our Science unit. Children are welcome to bring along their pets for the morning only from 9:00am until 10:30am when all pets must be collected and taken home. Please refer to the letter sent home last week for all relevant details. Another reminder letter will be sent home this week. In event of rain, Pet Day will be postponed.

P.E.: P.E. is on Wednesday this week. Please ensure that all children have their running shoes and P.E. gear.

Rugby World Cup: Our Topic for the remainder of the term will focus on The All Blacks. The children will be doing a project, researching information about other teams currently in NZ for the RWC and playing against NZ and making flags during their Art periods. At the end of the term Rm 7 will be having a shared lunch with the RWC as its theme. I would encourage all parents to assist the children in learning about NZ's national Rugby team by allowing them to watch the sports news or read articles in the newspaper whenever the All Blacks are playing their matches.

Cell Phones: Room 7 is still leading the Junior and Middle Schools having collected 67 cell phones so far but more are needed if Hebron is to reach their target of 960 phones so please continue to send them in.

Have a great week.
Blessings

Mrs Sellar
