

PRINCIPAL & PRIME MINISTER MEET

Hebron Christian College Principal, Mr Geoff Matthews, spent time talking to the Prime minister, Rt.Hon. John Key about Christian schooling in Auckland City and especially about Hebron Christian College. He was well aware of the school and was keen to hear about school developments, the roll number and activities within the school.

Mr Matthews invited Mr Key to visit the school and he promised to come next year stating that commitments to the Rugby World Cup, electioneering, etc precluded a visit this side of Christmas. (Mr Matthews had invited Helen Clark on two occasions to visit the school when she was Prime Minister, but she never took up the offer. However, local Labour MP, David Shearer, visited the school last term and he had some good discussions on private schooling, integration, National Standards, etc with Mr Matthews).
